

Virtual Community Meeting 70 Front St North FRAM + Slokker

Join us for a virtual community meeting about 70 Front Street North!

This letter is to notify neighbours and property owners surrounding 70 Front Street North of a recently submitted rezoning application in order to advance the downtown Orillia Waterfront Redevelopment Project.

As part of the waterfront redevelopment project, FRAM Building Group is proposing to construct an eight-storey mixed-use building at the southeast corner of Front Street North and the future extension of Coldwater Street East.

A virtual community consultation is scheduled for **July 18th, 2022** from 5:30-7:00 pm, through a Zoom video call. Join us for a brief presentation on the proposal, followed by a discussion, in which you can provide questions and comments on the development.

To register for the public meeting or to obtain further information, please contact:
