

**CITY OF ORILLIA
BAYVIEW SEWAGE PUMPING STATION
MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT**

NOTICE OF STUDY COMMENCEMENT

The City of Orillia is undertaking a Class Environmental Assessment (Class EA) for proposed upgrades to the Bayview Sewage Pumping Station (SPS), located at 406 Bayview Parkway (refer to location plan below). The Class EA will identify and evaluate options for upgrades to improve the capacity and operation of the SPS, and to bring the SPS into compliance with current-day codes and guidelines.

The Class EA will be completed in accordance with the Schedule B requirements of the Municipal Engineers Association (MEA) Municipal Class Environmental Assessment (October 2000, amended in 2007, 2011 and 2015).

To ensure that anyone interested in this study has the opportunity to get involved and provide input, public consultation will take place over the course of the study. This may include additional notices, requests for public comment and input, and possibly a virtual Public Information Center (PIC).

Residents and interested parties are encouraged to regularly visit the City of Orillia website's Weekly Bulletin and project webpage (Orillia.ca/bayviewspss) for updates and notices.

If you have any questions or concerns, and/or would like to be added to the study's direct mailing list, please contact one of the study representatives listed below:
