Independent Auditor's Report

To the Mayor and Councillors of the City of Orillia

We have audited the accompanying consolidated financial statements of the City of Orillia, which comprise the consolidated statement of financial position as at December 31, 2015, the consolidated statements of operations and accumulated surplus, change in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the City of Orillia as at December 31, 2015 and the results of its operations, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Other Matters

The consolidated financial statements of the City of Orillia for the year ended December 31, 2014 were audited by another auditor who expressed an unmodified opinion on those statements on June 24, 2015.

See accompanying notes to the consolidated financial statements.

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

1. Summary of significant accounting policies

The consolidated financial statements of the City of Orillia (the Municipality) are prepared by management in accordance with public sector accounting standards for local governments, as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. Significant aspects of the accounting policies adopted by the Municipality are as follows:

a) Reporting entity

The consolidated financial statements reflect the assets, liabilities, revenue, expenses and surplus and financial position of the reporting entity. The reporting entity is comprised of all organizations and enterprises accountable for the administration of their affairs and resources to the Municipality and which are owned or controlled by the Municipality. In addition to general government tax-supported operations, the larger enterprises include the following:

City of Orillia Police Services Board
Orillia Public Library Board
Downtown Orillia Management Board

Inter-departmental and organizational transactions and balances are eliminated.

Orillia Power Corporation is a wholly-owned subsidiary corporation of the Municipality and is accounted for on a modified equity basis, consistent with the Canadian generally accepted accounting treatment for government enterprises. Under the modified equity basis, the business enterprise's accounting principles are not adjusted to conform with those of the Municipality, and inter-organizational transactions and balances are not eliminated.

b) Accrual accounting

Sources of financing and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

c) School board transactions

The taxation, other revenue, expenses, assets and liabilities with respect to the operations of the school boards are not reflected in these financial statements.

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

1. Summary of significant accounting policies (continued)

d) Deferred revenue for obligatory reserves

Receipts which are restricted by legislation of senior governments or by agreement with external parties are deferred and reported as restricted revenue on the consolidated financial statements. When qualifying expenses are incurred, restricted revenues are brought into revenue at equal amounts. Revenue received in advance of expenses, which will be incurred in a later period, are deferred until they are earned by being matched against these expenses.

e) Non-financial assets

(i) Tangible capital assets

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The costs, less residual value of the tangible capital assets, excluding land, are amortized on a straight-line basis over their estimated useful lives as follows:

	<u>Useful life - years</u>
General	
Buildings	10 - 50
Vehicles	3 - 20
Equipment and furniture	4 - 50
Other	4 - 10
Infrastructure	
Facilities	40 - 50
Roads and bridges	15 - 100
Underground and other networks	2 - 100
Vehicles and equipment infrastructure	5 - 15

Assets under construction are not amortized until the asset is available for productive use. Half year amortization is charged in the year of acquisition.

(ii) Contribution of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt, and that fair value is also recorded as revenue, when the fair value can be reasonably estimated. Tangible capital assets conveyed from developers are recorded at the estimated engineering value at time of registration. The value contributed during the year was \$200,000 (2014 – \$ nil).

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

1. Summary of significant accounting policies (continued)

e) Non-financial assets (continued)

(iii) Interest capitalization

Interest of \$nil (2014 - \$nil) was capitalized for the external debt issued to finance the construction of tangible capital assets.

(iv) Nominal value

The Municipality owns several assets which are listed at nominal value in the tangible capital assets. These include fully amortized assets such as library books acquired prior to 2001, some older buildings, and donated land under certain pedestrian trails.

(v) Works of art

The Municipality owns various works of art and historic artifacts displayed at various locations including the Orillia Public Library, Leacock Museum and the Orillia Opera House. The historic cost of these items is not included in tangible capital assets.

(vi) Disposal of tangible capital assets /writedown of assets under construction

Gain and (loss) on disposal of assets are recorded as the difference between proceeds received and the net book value. Writedown of assets under construction have been written off as a result of the project being cancelled or finished with no future benefit to the Municipality.

f) Revenue recognition

The Municipality recognizes taxation revenue on an annual basis using total assessment values for the year and annually established tax rates. Property assessment values are provided by the Municipal Property Assessment Corporation and tax rates are established and approved by Council. Taxation revenues are recorded at the time the taxes are authorized and the taxable event occurs. Assessments and related property taxes are subject to appeal. Tax adjustments as a result of appeals are recorded when the appeals are submitted. The Municipality is entitled to collect interest and penalties on overdue taxes. These revenues are recorded in the period the interest and penalties are earned.

Government transfers are recognized as revenue in the year in which events giving rise to the transfer occur, providing that the transfer is authorized, any eligibility criteria have been met and the amount can be reasonably estimated, except to the extent that the transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the consolidated statement of operations as the stipulated liabilities are settled.

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

1. Summary of significant accounting policies (continued)

f) Revenue recognition (continued)

Grants are recognized as revenue when approved, to the extent the related expenses have been incurred and collection can be reasonably assured.

User charges and other revenue are recognized as revenue when the services are provided and there is reasonable assurance of collection. Interest is recognized when earned.

g) Use of estimates

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. The principal estimates used in the preparation of these consolidated financial statements are landfill closure and post-closure liabilities, post-employment benefits liability, the estimated useful lives of tangible capital assets and other accrued liabilities and/or obligations. Actual results could differ from management's best estimates as additional information becomes available in the future.

h) Subdivision infrastructure

Subdivision streets, lighting, sidewalks, drainage and other infrastructure are required to be provided by subdivision developers. Upon completion they are turned over to the Municipality. The Municipality is not involved in the construction and does not budget for either the contribution from the developer or the capital expense.

Developer contributions and fees for services are recognized over the period of service or when required expenses occur if applicable.

i) Local improvement

The Municipality records expenses funded by local improvement bylaws as they are incurred. Revenue is recognized over the term of the local improvement bylaws, as they are collected.

j) Water and sewer area improvement charges

The Municipality records expenses funded by bylaws to impose charges on property owners as they are incurred. Revenue is recognized over the term of the bylaw, as they are collected.

k) Reserves and reserve funds

Certain amounts, as approved by Council, are set aside in reserves and reserve funds for future operations and capital purposes. Further disclosure of the amounts are part of accumulated surplus in Note 13 of the consolidated financial statements.

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

1. Summary of significant accounting policies (continued)

l) Pension plan

The Municipality is an employer member of the Ontario Municipal Employees' Retirement System ("OMERS"), which is a multi-employer defined benefit pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of the assets and administration of the benefits. The Municipality has adopted defined contribution plan accounting principles for this plan because insufficient information is available to apply defined benefit plan accounting principles. The Municipality records as pension expense the current service cost, amortization of past service costs and interest costs related to the future employer contributions to the plan for past employee service.

m) Employee future benefits payable

The Municipality accrues its obligations under employee benefit plans as the employees render the services necessary to earn employee future benefits. The Municipality has adopted the following valuation methods and assumptions:

Actuarial cost method:

Accrued benefit obligations are computed using the projected benefit method prorated on service, as defined in PSAB 3250 and PSAB 3255. The objective under this method is to expense each member's benefit under the plan taking into consideration projections of benefit costs to and during retirement. Under this method an equal portion of total estimated future benefit is attributed to each year of service.

Funding policy:

The non-pension post-retirement benefits are funded on a pay-as-you-go basis. The Municipality funds on a cash basis as benefits are paid. No assets have been formally segregated and restricted to provide the non-pension post-retirement benefits.

Accounting policies:

Actuarial gains and losses are amortized on a linear basis over the expected average remaining service life ("EARSL") of members expected to receive benefits under the plan, with amortization commencing in the period following the determination of the gain or loss.

Workplace Safety and Insurance Board (WSIB):

The costs of WSIB obligations are actuarially determined and are expensed in the period they occur. Any actuarial gains and losses that are related to WSIB benefits are recognized immediately in the period they arise.

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

2. Change in Accounting Policy

On January 1, 2015 the Municipality adopted the new requirements of the Chartered Professional Accountants of Canada related to Section PS3260 - Liability for Contaminated Sites standard. This section establishes standards on how to account for and report a liability associated with the remediation of contaminated sites. The standard was adopted prospectively from the date of adoption. The adoption of the new PS3260 standard has not resulted in any changes to the measurement and recognition of liabilities in the Municipality's consolidated financial statements for the year ended December 31, 2015.

3. Budget reconciliation

The budget approved by Council differs from the budget in the Consolidated Statement of Operations and Accumulated Surplus as the approved budget has been adjusted to account for the material changes due to PSAB reporting requirements.

	<u>Revenues</u>	<u>Expenses</u>
Total Council's approved budgets	\$ 77,799,855	\$ 68,055,293
Less: Acquisition of tangible capital assets budgeted	-	(12,125,000)
Add: Amortization expense	-	<u>14,178,829</u>
Adjusted budget per consolidated statement of operations	<u>\$ 77,799,855</u>	<u>\$ 70,109,122</u>

4. Cash and cash equivalents

	<u>2015</u>	<u>2014</u>
Cash is comprised of:		
Unrestricted cash, held at the bank and on hand	\$ 18,543,454	\$ 6,760,022
Restricted cash, held at the bank	<u>2,047,378</u>	<u>1,642,640</u>
	<u>\$ 20,590,832</u>	<u>\$ 8,402,662</u>

The Municipality's bank accounts are held at one chartered bank. The bank accounts earn interest at a variable rate calculated on the daily balances. The Municipality has a revolving demand credit facility with the Toronto-Dominion Bank for a maximum amount of \$10,034,000 available, including a letter of credit in the amount of \$34,000, at the bank's prime rate less 0.75% per annum (2014 – 0.50%). No amounts were drawn from the credit facility as at December 31, 2015 (2014 - \$nil).

There is provincial and municipal legislation that restricts how restricted funds may be used reported in Note 7.

5. Investments

Investments are guaranteed investments certificates, recorded at cost plus accrued interest. Investments are due at various times in 2016 and earn interest at 1.50%.

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

6. Investment in Orillia Power Corporation

Orillia Power Corporation, established by Municipal Council under Municipal By-Law 2000-155, is wholly owned by the City of Orillia and provides electric utility services.

The following table provides condensed supplementary financial information of Orillia Power Corporation.

	<u>2015</u>	<u>2014</u>
Financial position		
Current assets	\$ 13,231,000	\$ 13,457,000
Capital assets	40,524,000	37,084,000
Other assets	328,000	1,696,000
Regulatory deferral account debit balances	<u>2,126,000</u>	-
	<u>56,209,000</u>	<u>52,237,000</u>
Current liabilities	8,977,000	9,475,000
Non-current liabilities	2,984,000	3,080,000
Regulatory deferral account credit balances	<u>2,987,000</u>	-
	<u>14,948,000</u>	<u>12,555,000</u>
Net assets	\$ <u>41,261,000</u>	\$ <u>39,682,000</u>
Results of operations		
	<u>2015</u>	<u>2014</u>
Revenue	\$ 51,916,000	\$ 48,321,000
Operating expenses	(46,297,000)	(43,026,000)
Financing expenses	(1,002,000)	(902,000)
Payments in lieu of taxes	(1,100,000)	(1,070,000)
Net movement in regulatory deferral account balances	<u>(688,000)</u>	-
Total comprehensive income	2,829,000	3,323,000
Dividend	(1,100,000)	(1,600,000)
Transitional adjustment – post-retirement benefits	<u>(150,000)</u>	-
Change in equity	\$ <u>1,579,000</u>	\$ <u>1,723,000</u>

The above information is as reported by Orillia Power Corporation.

The following summarizes the Municipality's related party transactions with Orillia Power Corporation during the year. All transactions are in the normal course of operations, and are recorded at the exchange value based on normal commercial rates, or as agreed to by the parties:

	<u>2015</u>	<u>2014</u>
Electricity purchased	\$ 2,332,415	\$ 2,229,919
Other services purchased	136,530	84,866
Property taxes and other taxes	68,464	65,616
Interest received	924,750	924,750

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

6. Investment in Orillia Power Corporation (continued)

Dividend received	1,100,000	1,600,000
Other services sold	81,487	116,632

The investment consists of:

	<u>2015</u>	<u>2014</u>
Promissory note	\$ 14,796,000	\$ 14,796,000
Equity	<u>26,465,000</u>	<u>24,886,000</u>
	\$ <u>41,261,000</u>	\$ <u>39,682,000</u>
Balance outstanding at December 31		
Due to Orillia Power Corporation	\$ <u>212,629</u>	\$ <u>54,901</u>

The promissory notes payable to the City of Orillia, bear interest for the current year at 6.25% per annum (2014 – 6.25%) and interest is paid annually. The promissory notes are due December 31, 2030 and payments are interest only. Under the terms of the notes, the Municipality can demand repayment of up to 20% of the original principal in a calendar year with the payment to be made March 31 provided the Municipality gives six months' notice. The fair value of the notes at current market borrowing rates approximates \$17.06 million. The notes are secured by a general security agreement on all the assets of Orillia Power Corporation.

7. Deferred revenue – obligatory reserves

	<u>2014</u>	Opening adjustment unfunded development charges	Restricted revenue and investment income	Transfer to capital/ revenue	Adjustment unfunded development charges	<u>2015</u>
Lot levies and subdivider contributions	\$ -	\$(13,001,824)	\$ 1,908,144	\$ (880,000)	\$12,251,102	\$ 277,422
Provincial and federal gas tax	<u>1,642,640</u>	<u>-</u>	<u>2,264,316</u>	<u>(2,137,000)</u>	<u>-</u>	<u>1,769,956</u>
	<u>\$ 1,642,640</u>	<u>\$(13,001,824)</u>	<u>\$ 4,172,461</u>	<u>\$ (3,017,000)</u>	<u>\$12,251,102</u>	<u>\$ 2,047,378</u>

There is provincial and municipal legislation that restricts how these funds may be used. Cash restricted to fund these reserves is reported in Note 4.

As a means of funding capital projects, developer contributions were allocated as the funding source for the projects as approved by Council. There were not enough funds in developer contributions to fund these projects, so general City funds were used to temporarily finance the projects. For the purposes of these financial statements, both the financing and the repayment are reflected as interfund transfers and therefore eliminated during consolidation (Note 22).

8. Long term debt 2015 2014

Ontario Infrastructure and Lands Corporation, repayable in semi-annual principal payments of \$1,001,592 plus interest at 2.64%, the debentures are approved by municipal by-law, maturing October 2022	\$ <u>14,022,288</u>	\$ <u>16,025,472</u>
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------	-----------------------------

The interest expense relating to the above long-term debt was \$399,088 (2014 - \$451,543).

Five year principal repayments and thereafter

2016	\$ 2,003,184
2017	2,003,184
2018	2,003,184
2019	2,003,184
2020	2,003,184
Thereafter	<u>4,006,368</u>
	\$ <u>14,022,288</u>

9. Landfill closure and post-closure costs

Solid waste landfill closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, management of ground water and leachates, and ongoing environmental monitoring, site inspection and maintenance.

The liability for the landfill site is recorded at \$4,974,000 (2014 - \$4,806,000) and represents the present value of closure and post-closure costs for 49.7% (2014 - 48.7%) of the current site's total cells, using an estimated long term borrowing rate of 4% (2014 - 4%) and inflation rate of 2.5% (2014 - 2.5%). The liability is recorded based on the capacity of the landfill used to date.

The total estimated future expenses representing the sum of the discounted future cash flows for closure and post-closure care are \$10,005,000 leaving an amount to be recognized of \$5,031,000. The estimated remaining capacity of the sites unused cells are approximately 653,700 (2014 - 666,400) cubic metres, estimated to be filled in 51 years. Post-closure care is estimated to continue for a period of 25 years.

In the 2015 budget, Council established a Reserve Fund to partially offset the future closure costs. The 2015 funding level is \$150,000 per year.

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

10. Employee future benefits payable

	Retiree Benefits	Sick Leave	WSIB	Total
Accrued benefit obligation and liability, beginning of year	\$ 1,430,700	\$ -	\$ 5,004,875	\$ 6,435,575
Expenses for the year	1,711,000	946,700	(2,692,975)	(35,275)
Benefits paid	<u>(164,000)</u>	<u>(96,100)</u>	<u>(185,100)</u>	<u>(445,200)</u>
Accrued benefit obligation and liability, end of year	\$ <u>2,977,700</u>	\$ <u>850,600</u>	\$ <u>2,126,800</u>	\$ <u>5,955,100</u>

The Municipality provides health care and dental benefits to certain employee groups after retirement until members reach 65 years of age. The benefit costs and liabilities related to this plan are based on an actuarial valuation prepared by an independent firm. The date of the most recent actuarial valuation was as of December 31, 2015.

The Municipality is a Schedule 2 employer under the Workplace Safety and Insurance Act and, as such, assumes responsibility for financing its workplace safety and insurance costs. The costs and liabilities related to WSIB are based on an actuarial valuation prepared by an independent firm. The date of the most recent actuarial valuation was as of December 31, 2015.

The main actuarial assumptions employed for the valuation are as follows:

(a) Interest (discount) rate

The obligation as at December 31, 2015 of the present value of future liabilities and the expenses, was determined using an annual discount rate of 3.4% per annum (Retirement Benefit Plan) (2014 – 4.0%) and 3.3% per annum (Sick Leave and WSIB Plan) (2014 – 5.3%).

(b) Salary levels

Future general salary and wage levels were assumed to increase 3.0% per year (2014 – 3.0%).

(c) Health care costs

Health care costs were assumed to increase by 7.94% in 2015 and decrease by 3.94% per year to 4.00% in 2036 (2014 - assumed to increase by 2.50%).

(d) Dental costs

Dental costs were assumed to increase at a rate of 4.0% per annum (2014 - 2.5%).

11. Other assets

Other assets are comprised of:

19. Pension agreement

OMERS provides pension services to more than 461,000 and retired members and approximately 1,000 employers. Each year an independent actuary determines the funding status of OMERS Primary Pension Plan (the Plan) by comparing the actuarial value of invested assets to the estimated present value of all pension benefits that members have earned to date. The most recent actuarial valuation of the Plan was conducted at December 31, 2015. The results of this valuation disclosed total actuarial liabilities of \$82,369 million in respect of benefits accrued for service with actuarial assets at that date of \$75,392 million indicating an actuarial deficit of \$6,977 million. Since OMERS is a multi-employer plan, any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organizations and their employees. As a result, the Municipality does not recognize any share of the OMERS pension surplus or deficit.

Contributions made by the Municipality to OMERS for 2015 were \$1,905,017 (2014 - \$1,809,958).

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

20. Contingencies

The Municipality is involved from time to time in litigation, which arises in the normal course of business. In respect of any outstanding claims, the Municipality believes that insurance coverage is adequate and that no material exposure exists on the eventual settlement of such litigation.

21. Comparative figures

Certain comparative figures in these financial statements have been reclassified to conform with presentation adopted for the current year.

22. Interfund borrowings

As a means of funding capital projects, developer contributions were allocated as the funding source for the projects as approved by Council. There were not enough funds in developer contributions to fund these projects, so general City funds were used to temporarily finance the projects. There is no set date of when these funds will all be repaid, but are reduced as collections are made and funds are allocated. Interest is charged based on the balance of the fund according to the Municipality's procedure for allocating interest. For the purposes of these financial statements, both the financing and the repayment are reflected as interfund transfers and therefore eliminated during consolidation. The following is the current status of the internal borrowings outstanding.

	<u>2015</u>	<u>2014</u>
	\$ <u>12,251,102</u>	\$ <u>13,001,824</u>

23. Subsequent Events

Subsequent to year end, Council approved a loan of \$450,000 to The Lighthouse Christian Ministries. The loan is interest free for a five-year term with a lump sum repayment in 2021.

City of Orillia

Notes to the Consolidated Financial Statements

December 31, 2015

24. Segmented reporting

In accordance with Section 2700 of the Public Sector Accounting Handbook of the Canadian Institute of Chartered Accountants, the Municipality has prepared segmented financial information.

The Municipality is a municipal government entity that provides a wide range of services to its citizens. The schedule of segment disclosure provides the financial information by major reporting segments.

The revenue and expenses for each service area have been separately disclosed in the segmented information, and include the following activities:

General Government

The General Government reporting segment includes a wide variety of departments and functions within the Municipality. These include Council, City Manager's Office, Treasury, Clerk's Department, Personnel, Payroll, Information Technology, Property Management, and other corporate management costs.

Protection

Protection services include Police, Fire, Bylaw Enforcement and Building Department. Police services are provided by the Ontario Provincial Police under contract.

Transportation

Transportation services include Roads, Winter Control, Transit, Parking and Street Lighting.

Environmental

Environmental services include the Sanitary Sewer, Storm Sewer and Waterworks Systems, Solid Waste Management, and Pollution Control.

Health, Social and Family

The Municipality makes payments to operate a variety of social services on their behalf. Payments are made to Simcoe Muskoka District Health Unit for Public Health and to The County of Simcoe for Paramedic, General Assistances (OW/ODSP), Homes for the Aged, Child Care and Social Housing.

Recreation and Culture

Recreation and Culture services include Parks, Recreation Programs, Recreation Facilities, Cultural Services, Orillia Opera House, Leacock Museum, and the Orillia Public Library.

Planning and Development

This category includes Planning, Zoning and Development Services, the Economic Development Committee, the Downtown Orillia Management Board, and the operation of Commercial Rental Properties.

24. Segmented reporting (continued)

Other

Expenses and revenue not directly attributable to a specific category are reported under this category.

Allocation Methods

In the preparation of segmented financial information, it is necessary to use reasonable allocation methods. For each reported segment, revenue represents both amounts that are directly attributable to the segment and amounts that are allocated. Property taxation is allocated to each segment based on the approved budget.
