

CITY OF ORILLIA POLICY MANUAL

Part	8	Development Services	8.1.5.1.
Section	1	Development	
Sub-Section	5	Sale of Waterlots	
Policy	1	Adjacent Property Owners	

Page 1 of 1

THAT as a policy...letters from the Ministry of Natural Resources advising of applications received regarding minor sales of waterlots to adjacent property owners and requesting the comments of Council on the applications...be automatically referred by the City Clerk's Department to the Development Services and Engineering Departments for comment, and if there are no concerns, the City Clerk's Department will so advise the Ministry.

IT would be understood that should either department have any concerns with the proposed sale, the letter and comments from both departments would then be presented to Council for direction.
