## General Information

The Ontario Building Code requires the following:

- That all permit applications made for the construction or demolition of buildings be made on a prescribed form. The form is uniform throughout Ontario;
- That a permit applicant must be an owner or a person authorized by the owner to act on their behalf;
- That all applicable fields on the application form be completed (it is the applicant's responsibility to make sure all information is complete and correct. An application may be refused where it is not);
- That all required Schedules [1 and where applicable, 2] are submitted with the permit application;
- That the application is accompanied by fees required under the City of Orillia [Building By-law](#);
- That the applicant respond to the statements about the completeness of their application; and,
- That the applicant signs the declaration at the bottom of the application form.
- The form is available from [our website](#) or the Ministry of Municipal Affairs website.

## Section A: Project Information

Section A requires the permit applicant to provide details about the location of the proposed construction or demolition. The following information must be provided:

- The correct municipal address (including the suite or unit number);
- The correct legal description of the property;
- An estimated value of the proposed construction; and
- The area of work as defined by the City of Orillia [Building By-law](#).

## Section B: Purpose of the Application

Section B requires the applicant to indicate by checkmark, the nature of work and to provide a general description of the proposed work being applied for (whether the proposed work relates to new construction (a new building), an addition or alteration to an existing building, the demolition of an existing building or a conditional permit. The applicant must also declare the proposed use of the new building and in the case of an addition, alteration or demolition, the current or previous use prior to construction or demolition. This information is used to assist in the determination of building code and zoning requirements. Where the proposed work is for renovations or alterations, be as specific as possible.

## Section C: Applicant

The Ontario Building Code requires an application for a permit to be made by the owner of the property or by an authorized agent of the owner. Please note that the applicant is the person responsible for the application and becomes the primary contact for any correspondence or inquiries sent or made by the Building Services Division. In Section C, the applicant must:

- Identify themselves as either the owner or the authorized agent of the owner by checking the applicable box. Where the applicant is an authorized agent of the owner, written authorization from the owner may be required.
- Provide the required contact information for the person responsible for the permit application.

- An owner or authorized agent of the owner may be an individual or a corporation. Where the applicant is a corporation, the first and last name of the individual acting on behalf of the corporation is required.

## Section D: Owner

Information about the owner must be provided in Box B where the applicant is not the owner. Where the applicant in Box B is the owner, this section can be left blank. The Ontario Building Code defines an owner as the registered owner, a lessee or a mortgagee in possession. In buildings containing leased space, the owner can be either the registered owner of the property or the legal name of the tenant who leases the building or space where the construction is proposed.

## Section E: Builder

Information in Section E about the builder (or contractor) is optional. For the construction of a new *home* as defined by the *Ontario New Home Warranties Plan Act*, information about the registered builder or the general contractor must be provided on the application form. Where the home is to be constructed by a *builder* as defined by the *Ontario New Home Warranties Plan Act*, the name of the *builder* as registered with Tarion shall be provided. Where the new *home* is to be constructed by the owner or someone other than a *builder* as defined by the *Act* (such as the person named in Box C of the Tarion Declaration of Applicant for a Building Permit form), the name of that person shall be provided. For all other construction, the name of the general contractor or other person in charge of the construction should be provided if it is known at the time of permit application.

## Section F: Tarion Warranty Corporation (Ontario New Home Warranty Program)

This section must be completed where a permit application is being made for the construction of a new *home* (as defined by the *Ontario New Home Warranties Plan Act*). Information about new home warranty can be obtained from the Tarion [website](#).

- Where the application is for a new *home*, the applicant must check the 'Yes' box. Where the application is for the construction of a building other than a new *home*, the applicant must check the 'No' box and then proceed to Section G.
- The *Ontario New Home Warranties Plan Act* requires that where a new *home* is being constructed by a *vendor* or *builder* as defined by the *Act*, the *vendor* or *builder* must be registered with Tarion. If the home is being constructed by a *vendor* or *builder* the applicant must check the 'Yes' box. Where the home is being constructed by someone other than a *vendor* or *builder*, such as a person acting as their own general contractor to build their own home to occupy, the applicant must check the 'No' box. In that case, the home will not be eligible for enrolment or coverage under the *Ontario New Home Warranties Plan Act*.
- Where the answer to question (ii) is 'Yes', the registration number of the *vendor* or *builder* must be provided.

Please note that for the construction of a new home by and owner-builder, the applicant must also submit a completed [Application for Letter of Confirmation](#) form at the time of permit application. The form is available from the Tarion [website](#).

## Section G: Required Schedules

Except where the building is designed by an Architect and/or professional Engineer and the drawings have been sealed, signed and dated by those professionals, the Ontario Building Code requires the Schedules cited in this Section (Schedule 1 and where applicable, Schedule 2) to accompany every permit application. An application may be refused where the required Schedules are not submitted.

## Section H: Completeness and Compliance with 'Applicable Law'

The ability of a Chief Building Official to make a determination on the compliance of an application with the Ontario Building Code and other applicable law is dependent on the completeness of the application, the plans, specifications and documents necessary to make that determination.

Effective January 1, 2011, the Ontario Building Code requires every applicant to make a declaration of the completeness of their application. The permit applicant must, by answering Yes or No in Section H:

- i. Declare that the application meets all of the requirements of clauses 1.3.1.3 (5) (a) to (d) of Division C of the Building Code (that the application has been properly completed; that they, as applicant, are the owner or a person authorized by the owner; that they have included all of the required Schedules with the permit application and that they have paid all permit fees that are required by the City of Orillia [Building By-law](#) to be paid when the application is made);*
- ii. Declare that their application has been accompanied by all of the plans and specifications required to be submitted and necessary to sufficiently detail the proposed construction (such plans and specifications are set out in the City of Orillia [Building By-law](#));*
- iii. Declare that their application has been accompanied by information or documents that confirm that all approvals required by an applicable law have been obtained; and,*
- iv. Declare that the proposed building, construction or demolition will not contravene any applicable law (eg. that the building design will comply with municipal zoning and other applicable law standards).*

The declarations made by the applicant must be true to the best of their knowledge. Where the applicant responds with a 'No' to any of the questions cited in Section H, the application will be deemed to be incomplete and the Chief Building Official is not required to make a determination of the application within the prescribed time frame. Where the applicant responds with a 'Yes' to all of the questions cited in Section H, the Chief Building Official shall provide a full review of the building permit application within the prescribed time frame. In either case, the documents required to be submitted will be confirmed by the Chief Building Official at the time of application.

### **Section I: Declaration of Applicant**

Section I requires the applicant to declare that the application form, attached schedules and documentation submitted with the permit application is true to the best of their knowledge. Where the application is being made by an individual representing a corporation, that individual must have the authority to bind the corporation. The applicant must clearly and legibly print their name and sign and date the form attesting to the information provided and statements made.
