

CITY OF ORILLIA
COMPREHENSIVE STORMWATER MANAGEMENT MASTER PLAN
(CSWM-MP)
NOTICE OF COMPLETION

The City of Orillia has completed the development of a comprehensive stormwater management master plan (CSWM-MP) in accordance with the Lake Simcoe Protection Plan, the Lake Simcoe Region Conservation Authority (LSRCA) Guidelines for the Development and Implementation of Comprehensive Stormwater Management Master Plans in the Lake Simcoe Watershed and the **Municipal Class Environmental Assessment Process**. The CSWM-MP Final Report, March 2016 received approval from the LSRCA on March 8, 2016.

As of June 2, 2009 the policies of the Lake Simcoe Protection Plan came into legal effect as provided by the Lake Simcoe Protection Act, 2008, S.O. 2008, c. 23, as amended. Policy 4.5 of the “Lake Simcoe Protection Plan” states that “within 5 years of the date the Plan comes into effect, municipalities, in collaboration with the LSRCA will prepare and implement comprehensive stormwater management master plans for each settlement area in the Lake Simcoe Watershed”. The City of Orillia is a settlement area within the Lake Simcoe Watershed and therefore needs to prepare a comprehensive stormwater management plan.

The Comprehensive Stormwater Management Master Plan study has been prepared following a Master Planning approach under the Municipal Class Environmental Assessment Process. The long range planning approach that is undertaken within the process enables the City of Orillia to identify opportunities and be proactive in addressing issues before they become a problem. It also allows the City to implement individual works which, over time, collectively become part of a larger management system.

The CSWM-MP Final Report, March 2016 document can be viewed and is available at the following locations:

<p>Environmental Services Department City of Orillia 40 Kitchener St., Orillia, Ontario L3V 6Z9 Mon-Fri: 8:00am – 4:00pm</p> <p>OR</p> <p>Online at the City’s Website: http://www.orillia.ca/en/livinginorillia/Stormwater.asp</p>

Interested persons should provide written comment to the municipality on the proposal within 30 calendar days from the date of the Notice. Comments should be directed to the City's Manager of Water Resources, Mr. Kyle Mitchell.

If concerns arise regarding this project, which cannot be resolved in discussion with the municipality, a person or party may request that the Minister of the Environment (at the address below) make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II order), which addresses individual environmental assessments. Requests must be received by the Minister at the address below within 30 calendar days of this Notice. A copy of the request must also be sent to Mr. Kyle Mitchell. If there is no "request" received by April 12, 2016, the Comprehensive Stormwater Management Master Plan shall be considered final as presented in the planning documentation.

Minister of the Environment, 135 St. Clair Avenue
10th Floor, TORONTO, ON, M4V 1P5

This Notice Issued March 14, 2016

Kyle Mitchell
Manager of Water Resources
