

CITY OF ORILLIA

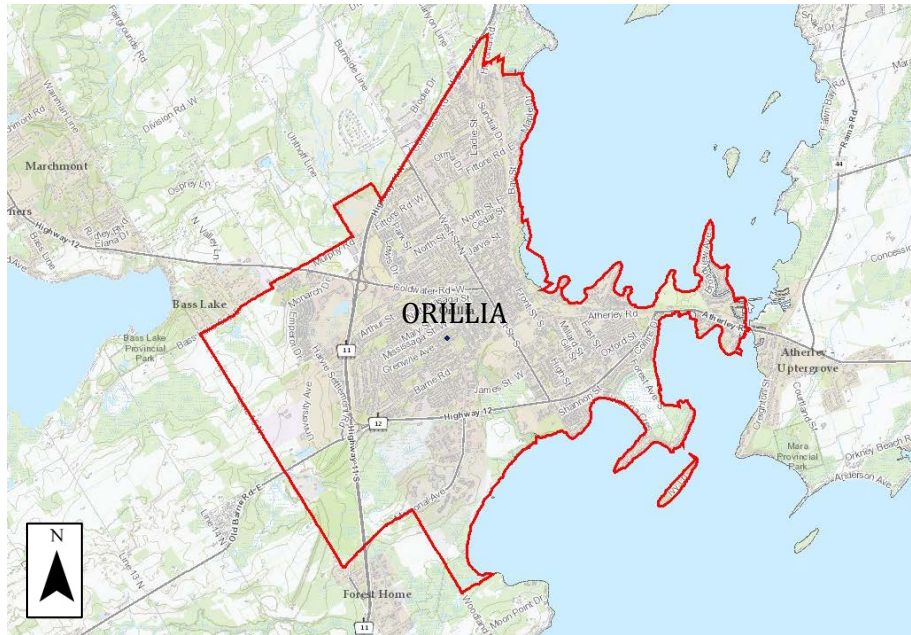

Wastewater System Master Plan

Notice of Study Commencement

The Project

The City of Orillia has retained the services of the Ainley Group to undertake a Wastewater System Master Plan with the objectives of developing a comprehensive, long-term sanitary servicing strategy for existing and future land use within the city limits of Orillia. The process will involve an assessment of the existing servicing infrastructure to identify necessary upgrades and future servicing priorities.

The Process

This study is being completed in accordance with the Master Plan process as identified in the Municipal Class Environmental Assessment (Class EA) document (amended 2015). It will follow Approach #2 with the intent to fulfill the Class EA requirements for the Schedule A, A+ and select schedule B projects identified within the Master Plan as well as to provide the basis for future Schedule C projects.

How to Get Involved

Public input is encouraged throughout this process and will be given consideration during the planning and design of this project. Information will be collected in accordance with the *Municipal Freedom of Information and Protection of Privacy Act*. Project updates and notices will be posted on the City's website orillia.ca/wastewatermasterplan inform the public of the Class EA process. With the exception of personal information, all comments will become part of the public record. To obtain additional information or to provide input, please contact either of the following members of the study team:
